ANSH DOSHI

Full Stack Developer

doshiansh10@gmail.com • +91 99749 54616

🔗 Portfolio • 💼 LinkedIn • 💻 GitHub

PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with 3.5+ years of experience building scalable web applications. Expertise in modern JavaScript frameworks (React.js, Next.js, Node.js, NestJS) and databases (PostgreSQL, MySQL). Proven success in frontend optimization, microservices architecture, GenAI integration, and team leadership. Strong problem-solver delivering high-quality solutions in Agile environments.

WORK EXPERIENCE

Full Stack Developer | Jun 2025 – Present

Autoverse AI, Ahmedabad, Gujarat

- Architected and implemented centralized SSO solution within microservices infrastructure, enhancing security protocols and streamlining user authentication across multiple services
- Spearheaded integration of generative AI features into production applications, designing AI-driven workflows that improved user experience and automated complex business processes
- Leveraged Claude CLI to accelerate development workflows, achieving measurable improvements in code quality and development velocity through efficient code generation and debugging

Software Engineer | Sep 2023 – May 2025

N2N Solutions, Pune, Maharashtra

- Engineered full-stack features using React.js, Node.js, NestJS, and RESTful APIs, ensuring optimal data flow and robust application architecture
- Configured and managed AWS cloud infrastructure (S3, EC2), demonstrating proficiency in deployment pipelines and scalable server management
- Collaborated with QA team to develop comprehensive test strategies, ensuring high-quality releases and feature validation
- Led frontend development team through code optimization, refactoring initiatives, and deployment processes while mentoring junior developers on best practices

Jr. React Developer | May 2022 – Sep 2023

Excellent Web World, Ahmedabad, Gujarat

- Designed and maintained responsive user interfaces for web applications, ensuring seamless functionality and positive user experience across devices
- Collaborated with backend engineers to integrate APIs and optimize UI performance, ensuring efficient data management and cross-browser compatibility
- Actively participated in Agile sprint planning with Business Analysts and clients, proposing solutions and addressing technical challenges

CORE SKILLS

Languages & Frameworks

JavaScript, TypeScript, React.js, Next.js, Node.js, Express.js, NestJS

Cloud & DevOps

AWS (S3, EC2), Git, CI/CD

Databases

PostgreSQL, MySQL

Development Practices

RESTful APIs, Microservices, Agile/Scrum, Unit Testing, Code Review

Core Competencies

Full-Stack Development, Data Structures &
Algorithms, Frontend Architecture, Performance
Optimization

EDUCATION

Bachelor of Science in Information Technology

GLS University | 2023

CERTIFICATIONS

NASSCOM Certification 📄 View Certificate

National Council for Vocational Education and Training (NCVET)

Ministry of Skill Development and Entrepreneurship, Government of India | April 2025

Introduction to Artificial Intelligence 📄 View Certificate

IBM | Feb 2026
